

Job title: Biotech Associate (The Netherlands)

Recruiter: HiNurse

Type of employer: major Biotechnology organisation

Work place: province Limburg, The Netherlands Vacancy reference on EURES portal: WBS469124

Information about the employer:

The employer is one of the world's largest healthcare manufacturing organizations, helping pharmaceutical, biotech and nutrition companies to bring their treatments to market. This global leader in life sciences operating across three continents is seeking talented individuals for a crucial role. While they work in science, there's no magic formula to how they do it. Their greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, individuals get to own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work this organization wants to be part of. Information about the position: The Biotech Associate is responsible for manufacturing (cell- and tissue culturing) of cell therapy products in accordance with GMP regulations in a cleanroom environment and executing other related procedures (sample preparation, media preparation, tool box preparation).

Responsibilities:

- Carrying out all tissue culture activities for cell therapy, from starting material to final product, according to relevant procedures.
- Carrying out associated duties e.g. required cleaning of production areas, assisting in (re)qualification of equipment, and logistic activities.
- Reporting and reviewing of all required process steps in approved batch records.
- Notification of supervisor of all observed deviations in a timely manner.
- To participate in the initiation of deviations, CAPAs and Changes.
- Participates in generation and revision of manufacturing procedures
- Must comply with safety policies of the company and site.

Position demands:

- Related experience
- Technical/vocational degree (Technical course or Bachelor) in the Field of pharma/Biotech/Lab
- English language skills (min. level B1) verbal & written
